

County officials meet Liberals to air beefs

A three hour informal discussion last Wednesday at the Hunters Horn Inn at Haliburton between five members of the Ontario Liberal caucus, Chamber of Commerce, the Haliburton County Snowmobile Association, Haliburton County Library Board, Haliburton County Economic Development Commission and local government officials on a great many important topics which affects us all.

The 32 men and women invited to the dinner meeting by Victoria-Haliburton MPP John Eakins ended their

discussion on such items as assessments, severances, industry, culture, sewers, planning and development and many other topics.

Other members of the Liberal Caucus who took part in the meeting in addition to Mr. Eakins were Sean Conway, Renfrew North, Hugh O'Neil, Quinte, Jack Riddell, Huron-Middlesex, Julian Reed, Halton-Burlington, Lou D'onofrio, Research.

Briefs were presented by the Haliburton Highlands Chamber of Commerce, Haliburton County Snowmobile

Association, Haliburton County Library Board, and the Haliburton County Economic Development Commission.

Gerry Howarth, warden of the Provisional County of Haliburton welcomed everyone to the meeting and spoke briefly on the problem of assessment at all levels of government. He said he was happy to be a part of this meeting, where problems were discussed at the grass root levels.

The Reeves from the various municipalities spoke on a varied number of topics

which effected their own townships.

Reeve Reg Booth of the Townships of Anson, Hindon and Minden spoke on the subject of equalized assessment and on the holdup of Sanitary Sewers for the Village of Minden. Minden has been attempting to get sewers since 1955.

Murray Fearrey, reeve of the Municipality of Dysart et al spoke on confidence in government, industry, railway, planning and development. He also complimented the Chamber of Commerce for the excellent brief they

presented at this meeting.

Jim Harrison, Deputy reeve, of the Township of Stanhope spoke on subdivisions and a pilot project on Browndale.

Pat Connaghan, reeve of the Township of Lutterworth spoke on the subject of severances and stated that the Ontario Municipal Board should be more informal.

Keith Tallman, deputy reeve of the Municipality of Monmouth spoke to the gathering and stated that he would be bringing up several problems when John Eakins meets in the near future with his Council.

Rental car a writeoff

There's one rental car that isn't be in service today - it's a virtual write-off after a one-vehicle collision with some rock outcroppings along Highway 503, just east of Kinmount.

Investigated by Minden OPP Detachment, the accident occurred around 9:15 p.m. Sunday when the west-bound rental car driven by William B. Swail, 18, of Mississauga went out of control. Veering to the south shoulder, it struck two outcroppings, spun around and ended up on the north shoulder, facing in the opposite direction to which it had been pointed.

Damage to the 1975 car has been estimated at \$6,000. Swail was wearing seat belts and unhurt by the rough passage. It was raining and the road was wet, police indicate.

Investigating officer was Ontario Provincial Police Constable Mike Legge of the Minden Detachment. No charges have been laid.

Robertson Herlihey was honoured at the Hunter's Horn Inn at Haliburton on Saturday, June 5th, when 150 people gathered on the occasion of his retirement. Shown in the photo from left to right Bill Valentine, master of ceremonies, Bob Herlihey, Vic Ross, Bob's successor as Head of the Technical Department shown presenting the diamond ring.

Grant to library

Haliburton County Public Library is pleased to announce receipt of a WIN-TARIO grant for \$928.00 in order to bring children's theatre to the County in connection with the celebration of Ontario's Cultural Olympics.

Puppet shows, pantomime and dramatic present-

ations will entertain residents and summer visitors in all County Municipalities either in library buildings or other community facilities throughout the summer.

Announcements regarding the times and locations of performances will be made well in advance to enable everyone to attend. Heather Gardiner, County Librarian.

Youth is arrested after blasting store window

A 16-year old Gooderham area lad, Clifford Alvin Reil, has been arrested and charged with possession of a weapon dangerous to the public peace and remanded in Lindsay Provincial Court to June 10th for bail hearing following psychiatric examination.

The youth was arrested by Minden OPP Detachment after he allegedly fired on two plate glass windows in Barr's General Store, Gooderham, with a shotgun belonging to his brother. Police say one window was shattered and another has numerous "pock-marks" in it, with no one being injured. Damage was estimated at \$1,000.

As a result of the call early in the morning of Monday, June 7, Corporal Terry Sneddon and Constables Bob Pearson, Barry Connelly and

Mike Legge of the Minden Detachment of the Ontario Provincial Police responded at 11:15 a.m., as did OPP Constable Moore and Black from the Cobocok Detach-

ment.

Minden Detachment OPP Constables Bob Pearson and Mike Legge are the investigating officers.

Bullet holes in car, no plates bring charges

What was assumed by some reporters to have been a high speed shoot-out on the May 24 holiday weekend has been sorted out by Minden OPP Detachment, and they report the only chase involved was the one they had afterwards, trying to chase down the occupants of the car with bullet holes in it, found with no licence plates and wrecked in the Dorset area. William Robert Sem-

mens of Toronto, passenger in the car, and now in jail at Mount Forest on two charges of impaired driving, has a couple of other charges to face when the court gets around to trying him - failing to produce insurance and not having seat belts installed. His companion and the alleged driver, Gordon Richards, 17, of Orangeville, is confronted with four charges.

Bob Colliver to officiate Olympics

We are proud to have Bob Colliver, a teacher at the Haliburton Highlands Secondary School, attending the 1976 Summer Olympics in Montreal in an officiating capacity.

Bob is a past master in the division of athletics known as Track and Field. He has had a very successful coaching career since his involvement began with the Etobicoke Track and Field Club in 1958. While teaching at Kenner Collegiate in Peterborough, he was one of the founders of the Peterborough Track Club. During his 14 years of coaching, Bob has spread his talents among three different secondary schools and has chalked up four Kawartha Championships, two Bay of Quinte Championships, and four Kawartha West Championships.

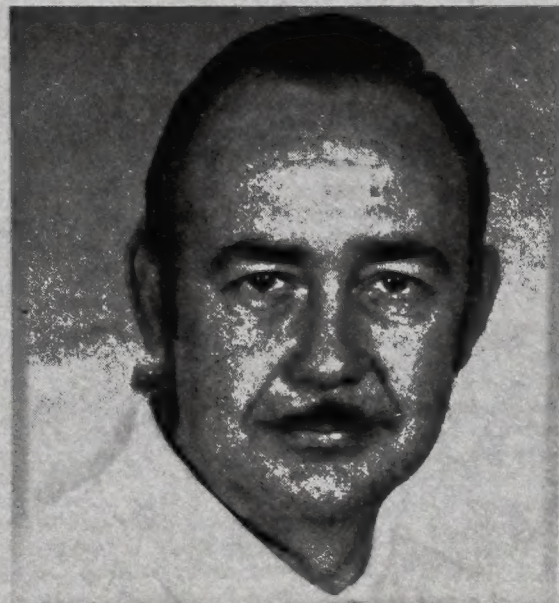

Bob has also served in the administrative side of this sport in the position of Registration

Chairman for the Central Ontario Track and Field Association.

As an official, Bob has had a great deal of experience in 19 years of service. His specialty is the horizontal jumps, and he holds a Grade 4 Certificate as a National Official in that event. Bob has also been a Field Events instructor for the Ontario Track and Field Association.

These are some of the events in which Bob has participated as an official: The Canadian Olympic Trials (1968, 1972, 1976); the Pacific Games (1973); The World Masters (1975); the Ontario Championships; and the Eastern Canada Championships.

We are all very pleased that you have this opportunity Bob, and when the TV cameras are in close at the Olympic Games this summer, we will be watching for you.

BOB COLLIVER

Briefs submitted to Liberal Representatives

A Presentation on behalf of the Snowmobilers of Ontario to The Liberal Caucus by Roy Bates, Secretary, Haliburton County Snowmobile Association Director, OFSC

Gentlemen:

It is indeed an honour for me to meet with you today to discuss the needs of the snowmobilers of Ontario and more particularly of Haliburton County, and to consider the action, or the lack of action, in the Ontario Government to meet those needs.

I am sure I do not have to tell you about the impact of the snowmobile on the economy of this Province. The registration fee alone

The registration fee alone now exceeds two million dollars annually and the revenue from taxation in the snowmobile industry and related industries are effected by it is purported to be in the neighbourhood of two hundred million. The snowmobile has brought to Haliburton County, and most other resort areas in the Province, a much improved business picture and a higher level of employment. It could be even better.

Snowmobilers have never asked much of their Provincial Government, and they do not now ask for anything more than is their just due. In the early days of snowmobiling as a recreation they were content with whatever riding opportunities they could find, such as frozen lake surfaces, open fields and old logging roads, or they "clubbed" together to establish trails for themselves. Unexpectedly however, the popularity of the snowmobile increased more rapidly than the ability of volunteer workers to keep pace with the needs. Cottage country became a hive of activity as city-dwelling families took up the sport, and very soon the trails that were adequate for the local traffic became heaving masses of moguls.

After the registration fee went up to Ten Dollars, and after the Select Committee made its thorough examination of the snowmobile, the snowmobilers of Ontario expected the Government to become actively involved in the provision of facilities as well as proper controls on the use of the vehicles. The regulations have come, and for the most part must be considered sensible legislation, but the development of trails has been less than satisfactory.

We believe the Government was on the right track when it established a program of assistance to snowmobile clubs in the 1974-75 season and, as an interim measure, the allotment of One Million Dollars was acceptable. In the second year of the program, however, when it was reasonable to expect some expansion, the allotment was cut in half and a portion of that went to another recreation.

We are now faced with monetary restraints in many departments of Government and we are told that we cannot really expect any assistance in the coming season. This we cannot understand, for we firmly

believe that properly administered trail funding can be a high yield investment.

Most snowmobiling areas of the Province now have one or more well-managed clubs or associations fully capable of carrying out extensive trail building and maintenance projects. The Haliburton County Snowmobile Association, for example, this year invested approximately \$20,000.00 in snowmobile trails. This figure includes salaries for a trail crew, maintenance and fuel for grooming equipment, and more than \$11,000. in new equipment. Of the total, \$6700 was an assistance grant from the Government, \$1,000 from the County, and the remainder raised through membership fees, dances and raffles. It may be of interest to note that members of the club, representing only one-fifth of the snowmobilers using the trails, raised three-fifths of the money. And it should also be noted that a substantial portion of our \$20,000. went to the Government in the form of sales tax, excise tax, and income tax.

In closing, I would suggest that the recreation of snowmobiling has been studied sufficiently to fairly determine its problems and its needs. Its greatest need is trail development and grooming, as was suggested by the Select Committee and as will be, I am sure, the final conclusion of the Ontario Trails Council. We need no more interminable studies. We need to get off the conference table and on with the job.

I thank you, gentlemen, for this opportunity to present some of the views of the snowmobiler. I sincerely hope the information will be helpful to you in your future deliberations.

Respectively submitted, Roy N. Bates

A Presentation for the Liberal Caucus from The Haliburton Highlands Chamber of Commerce June 2nd, 1976

The Chamber of Commerce is unique in Ontario because it represents our entire County rather than just one town or city, and it also doubles as a Tourist Council under the Ministry's O.T.A.P. programme. This is only one of the ways in which you will find that things are different here in Haliburton.

The County is unique also. We have a different set of problems here that require different treatment. Geographically this county is a "cul-de-sac" in Ontario. The presence of Algonquin Park to our north virtually cuts off Haliburton to any through traffic. In other words we are not on the way to anywhere. We are not even on the way to the park since we have no entrance to it from our county. Tourists travelling through Ontario tend to pass by on either side of us and so also do all major bus and transportation connections. The following problems stem from this situation:

Tourism -- Although our area is one of the most scenic in Ontario many people are not aware of it, since they have never had occasion to pass through. Promotion of this area must be more extensive than any other

because it has to be promoted as a destination. Good modern facilities are badly lacking since there is a lack of traffic to encourage investment. We need a major tourist attraction, an incentive for investment, and far better coverage in ministry publications, as well as financial help with our own.

Industry -- There is little enough incentive for industry to locate here due to lack of transportation facilities, but this is compounded by the Government's policy to designate this as greenbelt area. If this area is to be set aside for recreational purposes then something must be done to provide livelihood for the people who live here. Tourism in its present form cannot support our population. There are many small businesses that could be encouraged to establish here, and existing ones who are struggling to survive, but they require low interest, long term financing to help them cope with our very seasonal economy.

Gasoline Prices -- Prices for gasoline are arbitrarily set by the major oil companies for various areas. This county is being discriminated against by the oil companies because, due to the lack of through traffic, it is not considered competitive. Our suppliers must pay as much for gas as stations are selling it for just outside the county. The tourist gets the impression that our local operators are taking advantage of them. This problem is serious - but we are at a loss of what to do.

The Chamber -- The Chamber of Commerce this year has been faced with cuts in their grants and must now put considerable effort into raising money on which to operate. Effort which should be spent on promotion. In 1970 the Ontario Department of Tourism did a very comprehensive study on Regional Tourist Councils, under the leadership of Fred Boyer. It is interesting to note how few of the recommendations of this report have been carried out. On page 41, 42 and 44 (attached) the importance of a full time manager was recognized and as an incentive it was recommended that each Council with a full time manager be granted \$5,000. for administration. That was in 1970. Last year we received \$2,071.00 for our administration grant - this year it was withdrawn in favour of retaining a full time manager at C.O.T.A. The recommendation was to encourage "grass roots" participation in Tourist promotion. The trend is to destroy it.

We have also attached a copy of Government advertisement from the Toronto Star, Thursday, May 27th. One of our members brought it to the Chamber office as we prepared this document. As was mentioned earlier because of our "cul de sac" location we need special attention - but as usual we were not mentioned. Is it any wonder so few people know we are here. Our own people are becoming increasingly aware of the fact that we are

continually ignored and our office hears from many wishing to know "Why isn't Haliburton covered in the weather forecasts? The Snowmobile reports? and various ministry advertising". It is gratifying however to note that we finally were included in this year's Travellers' Encyclopaedia.

On a Province wide basis there are two areas that this Chamber is particularly concerned about. Lake frontage is becoming a very scarce commodity, and we feel it should not be used to build roads. The policy of Government to retain a road allowance around all lakes makes it all too convenient to render lake frontage useless with the construction of through roads. Two good examples of this may be

viewed between here and Martin's Mill on the next leg of your trip. A policy should be set to avoid this situation. The Chamber is also very concerned about the lack of input in some Ministry publications. Some of these expensive booklets, published at a considerable expense, have had so little research done that the information contained in them is almost useless. Our organization along with others like it would certainly welcome the opportunity to share this responsibility with the Ministry - if we were only asked.

We appreciate this opportunity to advise your group of the foregoing problems as we see them, and respectfully submit them in the hope that you may help us to correct at least some of them.

Ball Tournaments and Festivities

With all the excitement of local ball, there are plans underway for fun filled ball tournaments with the teams from the local area taking part in the first tournament in Minden. The date being Sunday, June 13th and Gull River and the Legion will start the ball rolling at 1 p.m. The second game will follow with West Guilford and the Huskies. These games will be played down until an official winner is crowned.

The next ball tournament will be held on Saturday, June 19, here in Haliburton and it will be starting at 10 in

the morning, with eight to ten teams in action. This tournament will be held in conjunction with the boat races etc. that day and it will be sponsored by the Haliburton Kinsmen Club along with a proposed beer garden etc. in the fairgrounds.

These sports filled days, whether boat races, ball games etc., show the people of this community that all people associated are out to bring you and our summer visitors some great sports action. Your support will be appreciated and good sports is of a benefit to all.

Over 60 boats have now been entered for the Northern Ontario Championships of the Ontario Power Boat Association Regatta. This guarantees a busy, noisy and colourful spectacle on Head Lake for the afternoon of June 19, 1976.

Regatta Chairman, Art Ward and his assistant, Dave Gray are busy lining up the committee for this exciting event and if the present weather continues, it should be a terrific afternoon.

The Pit area, where all the action is, will be located at Rotary Beach and spectators wishing to get a close up of the boats and drivers can watch

the action from this area for an admission fee of just \$1.00. .50c for kids under 12 years. A silver collection will be taken at other vantage points around the lake and a limited area for picnics is being setup on a portion of the Walling Farm.

Ice cream, pop, hot dogs and burgers will be available in various locations and programmes with the drivers' names and numbers etc. will also be available.

The place to be on Saturday, June 19, will be Head Lake in Haliburton at the first big Power Boat Regatta.

Local Briefs

No hitter

Shaw pitches a no-hitter against 129.

West Guilford showing strong pitching under Barry Shaw defeated the Legion team last Thursday by the score of 10-0.

West Guilford - 7
Gull River - 0

West Guilford with the strong pitching of Craig Stamp, plus a three run homer carried the Guilford team to a decisive win Monday night, against the first place Gull River.

A time to live

Senior Citizens' Week, June 20 - 26th accents the contribution Seniors have made to society in the past and what they can still contribute through self-help and helping others and to encourage participation with other age groups in recreation, education and volunteer service. What a pleasant time of life -- the autumn of our years

DON'T COUNT THE YEARS Youth is not a time of life - it is a state of mind. Nobody grows old except by deserting ideals.

Years wrinkle the skin, but to give up enthusiasm wrinkles the soul.

Worry, doubt, self-distrust, fear and despair - these are the long, long years that bow the head and turn the growing spirit back to dust. Whether you are seventy or seventeen, there is in the heart of every human being the love of the wonder - the sweet amazement at the stars and the star-like things and thoughts - the unfailing child-like appetite for what is coming next - and the joy and the game of life.

You are as young as your faith, and as old as your doubt -

As young as your self-confidence - and as old as your fear -

As young as your hope and as old as your despair.

Participation is possible as you join your peers at the dinner for "Over 70's" at Hyland Crest on Tuesday, June 22nd, at 5:30 p.m. See the ad in the classified section.

BUILDALL EDGE

W. GUILFORD 3-2

In a battle for first place the Gull River boys squeezed out a win over the Redmen in one of the better ball games that has been played in the last couple of years. The Builders took a 2 run lead in the second inning only to have Guilford come back to tie it up in the third inning.

Gull River picked up another run in the fifth inning and held on to win their seventh game without a loss. Hartwick was the winning pitcher with Wade Stamp taking the loss.

GULL RIVER HUSKIES 8-4

The Builders started off slow and at the end of two innings found themselves down 3-1. However in the third they picked up 4 runs and from then on never looked back. The Huskies seem to be improving every game and with the help of 2 or 3 veterans would be right in the thick of it. Hartwick was the winner with Woods taking the loss.

We can't afford to lose it

For the past few years there has always been strong talk that the railroad would be going out of Haliburton and the tracks torn up. We hope we never see this day. The railroad has played a big part in the progress of Haliburton and Haliburton County as a whole and to lose the railroad at this time would be a big blow.

The freight and express are now coming in by truck, but big materials are still coming in by rail. If we are lucky enough to get small industry into the County, we'll need the railroad.

In this day and age with the highways becoming so crowded with cars and trucks, we think that the time isn't too far off when people in the city will only be too glad to board the train and come back to the Highlands. It has been suggested that a train should run from Toronto to Haliburton on the weekends.

We as citizens of this county must do everything in our power to keep the railway here.

10 Horsepower or more

The Canada Safety Council draws attention to the law requiring that every pleasure boat 5m (16 feet) long, or under, powered with an outboard motor or motors totalling 10 horsepower or more, carry a plate issued by the Ministry of Transport stating the maximum load and horsepower recommended for it.

The Ministry of Transport recommended horsepower capacities are based on the trials of a large number of outboard motorboats tested on standard evaluation courses. Canadian boat manufacturers and importers participate in these tests, held frequently for the purpose of assessing the performance of the latest boat designs and comparing them against the recommended capacities.

The efficiency of motor wells and motor and steering controls forward of admidships is reflected in the horsepower ratings.

Guest Editorial

by

Charles Plewman

The value of the average house in Toronto, has dropped \$2,000.00 since the 1st of January. This is not the time to be selling stocks. Usually the stock market goes up in July. It should also be up more toward the end of the year.

It may come as a surprise but about 65% of people who invest in stocks lose money. When you enter the market, you are competing with thousands of people who are on the inside track.

The unsettling effect of the budget, along with price controls and high interest rates, keeps the stock market in the doldrums.

Timing is very important in buying or selling stocks. Most amateurs buy, when the big fellow is selling and sell when the big fellow is buying.

Right now Guaranteed Investment Certificates are a good bet. They pay 102 and 10 1/4 % on a five year basis. They are sold by Trust Companies and the money is tied up for the length of the period. They require no management on your part and pay interest twice a year.

It is a fact that the average mutual investment fund has not made more than 8% during the last 10 years and not a few of them are worth less to day than they were then.

If one has \$10,000 to invest in one of these G.I.C.'s you can arrange to have the interest paid to you on a monthly basis. With some Trust Companies they will do so on as little as \$5,000.

Trent-Severn news

The restriction at the Dam. Mud Dam empties into outlet of Hawk Lake caused a creek which flows through by the collapsed culvert a small culvert into Hall's resulted in a few problems in Lake. Trout Dam controls the maintaining flows and water outflow from Sherborne levels in the Gull System Lake. The greatest flow was until about June 2nd when a through the Trout Dam with large amount of the fill was the result that Sherborne washed away. We are now Lake was drawn down more able to pass the normal than normal.

amount of water through The overall storage in the Hawk Dam. Reservoir Lakes is 95% of

Before the channel cleared maximum on June 4th and itself we were running water flows are being cut back out of Mud Dam and Trout throughout the system.

To the Editor:

Also the Ministry of the Environment concerning garbage dumping; as a tax payer for over 12 years and a cottager, I can understand the concern. You quote the cost of tax payers money, for maintenance of the dump. Cottagers pay school tax, for which our children do not attend, with our money have been able to build better schools and add to others. No burning of brush etc., is allowed, this I can understand can be a fire hazard; but you make no mention of what to do with the excess garbage; which if allowed to accumulate would be unsightly and also hazardous.

You do have shredders, and as taxpayers who have helped develop the area; and pay taxes and no benefits for same, should benefit from them free of charge.

With all the researching and engineering concerning the Ministry of Environment and I'm sure they can come up with something better than closing the dump.

S. Wickes,

Open Letter to Board of Health

Haliburton Kawartha Pine Ridge Health Unit,
Haliburton, Ontario.

Dear Sir:

We would like to add our voices to those in this county who have already protested the current lock out of our public health nurses. Those who suffer most include our elderly citizens, shut-ins, and the numerous recipients of a diversity of preventive health programs. We urge a hasty settlement to this dispute.

Yours sincerely,
H.E. Good, M.D.
E. Christiansen, M.D.
R.H. Heyes, M.D.
D.J. Cavers, M.D.

From the Chamber

by Bob Stinson

The meeting this past week with the members of the Liberal Caucus was an unqualified success. Everyone present agreed that it was an extremely worthwhile afternoon and the representatives from our community certainly came away with the feeling we had accomplished a great deal. Almost every night on the T.V. news you can watch wild demonstrations taking place with burning, violence and destruction. It is gratifying that at least here in Haliburton we can sit down and discuss things sensibly and with respect to John Eakins and his colleagues, that someone is listening. Of course this party is now in power at the moment, but we were all convinced they will work hard to alleviate many of the problems that we presented to them. Since full coverage of the meeting is being carried elsewhere in this newspaper we will not go into any more detail here, but do suggest you read the articles about it.

The Honourable Claude Bennett, Minister of Industry and Tourism has promised to visit us in July and we sincerely hope that our meeting with his group will be as productive as the one that has just taken place.

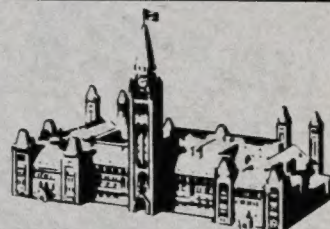

We have some new Marina operators in our area - Howard and Jean Scott have recently purchased Luke's Marine and Storage on Kushog Lake. Howard and Jean are from Scarborough and were friends and neighbours of George and Mary Wilson who took over at Twin Rocks Cottages last winter on the same lake. Mr. and Mrs. Luke we are pleased to see didn't leave our fair country, but have gone into retirement, and bought a home adjacent to the Glen Roy Lodge.

Hilda and Boris Valm have just joined the Chamber and they are manufacturing beautiful hand crafted furniture, lamps and gifts etc, under the name of Valm Craft. The shop and showroom is located at their home just off highway 503 near Irondale. They were kind enough to leave some samples of their work at the information booth at Minden as well.

We wish our new members success and once again ask that you make these new members feel welcome to the community.

Mike Vuksic of Mike's Milk is hardly new to our community any more. From a modest start in Haliburton Mike expanded to Minden, and has now moved into larger premises in the Former Minden Progress building. The new location also provides Dairy and Ice Cream Bar facilities with an outside take-out window. Our congratulations to Mike on his new venture.

OTTAWA and Small Business

Labour lacks responsibility

By KENNETH McDONALD

Despite an outward show of solidarity, the Canadian Labour Congress is badly divided. While the leadership demands "an equal share with business and Government in economic and social decision-making", militant members are trying to tear society apart.

...

The CLC represents only one-fifth of the Canadian work force and one-quarter of its members are civil servants whose jobs are threatened by cutbacks on government spending because of inflation. The militancy of civil service unions was illustrated at the recent CLC conference. A spokesman for the Canadian Union of Public Employees said it "would take all its members out on strike and keep them out to change the law and society".

...

Regarding its claim that the AIB can more easily control wages than prices, the CLC has a legitimate point. The AIB can monitor costs and prices of domestic companies. But multi-national corporations can beat the system by assigning arbitrarily higher costs to items sold to Canadian subsidiaries. These higher costs can then be used to justify higher prices.

...

But when the CLC speaks of labour's "losses incurred in the control

period" it sets up a straw man. In February, March and April this year, union wage increases on new contracts averaged 14 per cent higher in annual base pay. But the Consumer Price Index for the same three months was only 9 per cent above last year. If anyone's falling behind it isn't the unions. It's not the workers who are threatened, but the leaders in their struggle with union militants.

...

When the CLC calls for a general strike, for political action and for more union power, it threatens the majority: 55 to 60 per cent of Canadian workers neither belong to unions, nor work for big companies or for the government.

...

If the public and the government allow themselves to be blackmailed by political strikes, the democratic process will be destroyed. This could lead to similar action by others, for example a tax strike by the small business community, as in Belgium and France. Many members of the Canadian Federation of Independent Business have pointed to successful militant action by small business in other countries as means to relieve their harassment by unions and governments.

...

Organized labour has too much power already. What it lacks is responsibility.

HALIBURTON COUNTY ECHO

"The voice of the Highlands."

Established in 1882 as the Minden Echo and Haliburton Recorder. An independent weekly newspaper serving Haliburton County for 94 years and published every Wednesday by Algonquin Graphics Ltd. at Highland Street, Haliburton, Ontario.

A crashing bore

©The Argyle Syndicate Ltd.

Bill Smiley

RECENTLY, we watched the Emmy awards, presented from Hollywood by the television industry. It was a crashing bore, right in the midst of a television season that is stultifyingly dull.

Despite the opportunity to show what a fascinating medium television can be, the show, which seemed to go on interminably, had almost nothing to display aside from elegant costumes and fancy coiffures.

Can you think of anything less exciting than platoons of writers or directors, or sound men, or whatever, trotting up to a stage, receiving a shiny trinket, and speaking, every one of them, into a microphone with the deepest sincerity, thanking their wives, their children, their mothers, and eighteen guys named Max and Hymie for the fantastic honor they were receiving?

In an era of women's liberation, it was significant that in this showcase for the biggest entertainment industry in the world, very few women won awards.

At least when the film industry presents its Oscar awards, amidst the stream of inanity, one can count on two or three witty masters (or

mistresses) of ceremonies. How would you like to be a Mistress of Ceremony, gentle

reader? It sounds sinfully delicious.

But the television industry was content to hire two of the biggest grins in the business, John Denver and Mary Tyler Moore. They looked beautiful, and they grinned and grinned and grinned, but the entire evening had about as much wit and sparkle to it as a convention of undertakers; probably less.

Only attempt at humor during the evening was a feeble one, with a tired stand-up comedian telling the same old tired gags.

There were one or two attempts at dignified speeches amid the tawdriness and the "Gee, Mom! I won!" atmosphere, but they were quickly drowned in the molasses as various personalities lined up to pat each other on the back and burble, "I'd just like to say this was a real team effort, and everyone pulled together, and I just want to thank my director, my producer, my network, our wonderful camera crew, our sound people, our writer for a fantastic script, our tremendous cast," and so on and on.

Some of them thanked everyone but their dog, their dentist and their hairdresser, who probably had more to do with the award than any other factors.

It was pretty hard to take just a week after the Stanley

Cup playoffs, when we heard the same sort of sentimental mawk from coaches, players and sportswriters, until some of us, including yours truly, wanted to vomit.

And maybe that's what's wrong with television today. Don't tell me there's nothing wrong with it.

What's your special pleasure tonight, for example? Will it be a re-run of All in the Family or a re-run of Bob Newhart or a re-run of Cannon or a re-run of Dr. Marcus Welby?

Or perhaps you'd prefer a re-run of a re-run of Adam 12 or Gunsmoke? Or maybe you'd like to see that great movie, Flying Tigers (1942)? For the fourth time.

In this country we have the CBC, for which I once had a good deal of respect. It produced, first, excellent radio. When television came along, it was right in there with good comedy, drama, and variety. The brightest writers and talent in the country were sought out. No they're all in Hollywood, and all the good, gray Corporation can come up with, despite its frequent resounding promises, are exhausted antiques such as Front Page Challenge and This Is the Law.

I won't mention such creakers as the Tommy Hunter Show, and Hockey Night in Canada, because I

don't want to lose three-quarters of my readers, but surely, surely, just because a show went well ten years ago doesn't mean it couldn't be improved.

Nope. The CBC has turned chicken. It's afraid of parliament, ratings, and controversy.

As for the garbage that pours in over the border, and is so often grabbed by Canadian networks and advertisers, words do not suffice to describe the dreariness of most of it.

Is it too late for television to be saved, or to save itself? In my opinion, yes. Why? Because it has built up, in the past couple of decades, starting with children, a

mindless audience which will turn on the tube, let its jaw drop slack, and watch any garbage shoved in front of it. As long as it's in color.

I don't give a rip, personally. I'd rather read a good book any time. But my heart bleeds for the hundreds of thousands of old people for whom it is the only bit of life they have, and the hundreds of thousands of children who will make it part of their lives. They are being treated as morons.

As I said, I don't care. But one more "spin-off" from the Mary Tyler Moore show and I'm going to take an axe to the set.

©The Argyle Syndicate Ltd.

Summer is Salad Time

A combination including Gouda cheese from Holland, sugar and curry may sound offbeat, but this creamy dressing has a unique and delicate flavour. It is a refreshing change from the overly tangy or strong-flavoured regular dressings, and particularly delicious with the Apple-Nut Salad (recipe below). The addition of cheese to the dressing also adds protein to the salad.

Holland Cheese Salad Dressing

1 cup shredded imported Holland Gouda
1 cup mayonnaise
½ cup sour cream
2 teaspoons sugar
½ teaspoon curry
Combine cheese with remaining ingredients; beat with elec-

tric or rotary beater until fluffy. Refrigerate. Toss with crisp salad greens or Apple-Nut Salad. Makes about 2½ cups. Any leftover dressing makes a great "dip" for chips or crisp vegetables.

Apple-Nut Salad

4 apples
1 tablespoon lemon juice
1 cup finely sliced celery
½ cup walnut pieces
¼ cup chopped raisins
Holland Cheese Salad Dressing
Core but do not peel apples. Cut apples into small chunks; sprinkle with lemon juice. Add celery, walnuts, raisins and enough salad dressing to moisten. Serve in lettuce-lined bowl or small individual salad bowls. Make 6 servings.

Haliburton Highlights

A caution light has been erected on the corner of Maple Street and Mountain Street near the municipal hall in Haliburton. This is a bad corner and the caution lights are a welcome addition.

The warm weather we have been having is making the Rotary Beach a very popular spot these days. The beach area, the park and tennis courts are all in full swing.

Final preparations are being made for the Northern Ontario Championships of the Ontario Power Boat Association which will be held at Haliburton on June 19th. Over 60 drivers and boats from all over Ontario and New York State are expected to participate.

Falls are the number one killer in the home today and, as a runner-up to traffic accidents, they are the largest single cause of accidental death in Canada - roughly 1,800 fatalities each year. Here's how to protect yourself and your family against falls.

The local Salvation Army Red Shield Appeal has reached its objective of \$3,000.00. More money is still needed so if you haven't sent in your donation do so right away.

A good number of people from Haliburton attended the Spring Fly-In held at the Stanhope Airport on Sunday. Everyone reported having a good time.

A Canadian Red Cross Summer Safety Tip: No one can get a car license without passing a driving test. Small craft licenses are not necessary, but your life is. Take a Red Cross Small Craft Safety course before you venture on the waterways.

The Rotary Club of Haliburton will soon be selecting the Rotarian of the Year. This award is presented at the final meeting of the year and is given for outstanding service in this 75-76 Rotary year.

The Canada Safety Council has been receiving hundreds of inquiries about the "new P.F.D.'s" (personal flotation device). Here are the answers to the questions asked.

P.F.D.'s are designed to keep a conscious person afloat and have less buoyancy and a lesser turning ability than approved lifejackets.

They are intended for constant wear and provide varying degrees of assistance in the water dependent on body size and type and although they will increase the chances of survival, they do not guarantee it.

Two types are approved by the Ministry of Transport.

Type I is provided with inherent buoyancy consisting of unicellular foam or macrocellular elements and

Type II is provided with two buoyancy mediums, inherent and inflatable. The inflatable section is fitted with an oral inflation device and a manual device consisting of a cylinder of compressed CO2 operated by a manual trigger.

The outstanding motion picture "Grizzly" plays at both the Molou and Beaver Theatres this coming Friday, Saturday and Sunday, June 11-12-13.

Medicine should never be given without a doctor's order. St. John Ambulance warns, medicine ordered for one person should never be used for another unless the doctor approves it.

Report from Queen's Park

by John Eakins
M.P.P., Victoria-Haliburton

Ontario's promised legislation to protect buyers of new houses from shoddy workmanship has been introduced by the Minister of Consumer and Commercial Relations. The Act, expected to take effect this fall, would guarantee that "a home is constructed in a workmanlike manner, free of major structural defects and free from defects in materials, is fit for habitation and constructed in accordance with the Ontario Building Code." The warranties would cover all defects for one year and major structural faults for five years, and will apply to all new homes except cottages and rental units. The Minister told reporters that "high consumer demand for new housing has resulted in a situation where even houses which are poorly built are readily sold at high prices, which makes this law necessary." The law will curb the small number of builders - "less than 15 per cent" - who construct poor housing, and under the legislation all builders in the province will have to register with a non-profit corporation, to include representatives of the government and the Consumers Association of Canada, which will have the power to order builders to carry out repairs.

Some three years ago, incidentally, Phil Givens, Liberal M.P.P. for Armourdale, introduced a Private Member's Bill to provide protection for purchasers of new homes and mandatory adherence to the minimum standards of the Ontario Building Code. His Bill also proposed that houses be inspected a least four times during the construction period and be warranted by the builder against all hidden defects for a period of five years after completion of construction and against all obvious defects for a period of one year after completion.

There has been considerable discussion in the Legislature recently about industrial health hazards, as a result of questions raised by Liberal Leader Stuart Smith and other Opposition Members. The Minister of Health has announced that the government has initiated courses to train inspectors from the Ministries of Labour, Environment and Natural Resources to recognize potential health hazards, making simple tests on air conditions and noise. In the past, inspectors have checked on such matters as industrial safety only. Following the Minister's announcement, the Minister of Labour said she would like to employ women to inspect industrial plants because "females are a little more sensitive to housekeeping conditions than perhaps some males are." At present all the 170 inspectors are men, and the Minister said she genuinely believes

that women are generally neater than men and would be more likely to spot health hazards caused by dirt and dust.

The Minister of Health also announced that he will try to ensure reports of his Ministry's Occupational Health Protection Branch are posted in work places. The reports usually go to the management of companies inspected and are not always shared with workers. In the event that there are any legislative obstacles to posting this information in work places, the Minister intends to endeavour to obtain Cabinet support for removing them.

Jack Riddell, Liberal M.P.P. for Huron-Middlesex, maintains that layoffs of former Essex Packer workers at a Hamilton abattoir were an attempt by the takeover company, Better Beef Ltd., to avoid issuing severance pay. He asked the Labour Minister to investigate the manoeuvre between the company and the provincial government. The Correctional Services Ministry agreed to hand over to Better Beef operation of the abattoir in the Guelph Correctional Centre on condition the Hamilton plant remain open. The Minister undertook to look into the situation.

According to the Minister of Natural Resources anyone can purchase up to 100 pounds of dynamite at a local hardware store or other licensed outlet. In an interview the Minister said that all it takes to buy explosives is proof of identity. Purchasers must also sign for the dynamite and indicate what they intend to use it for and where, buy they are not asked whether they have any experience in using explosives or whether they intend "to blow up their mothers or blow up a bank or anything". The Minister had previously been asked in the Legislature whether the Ontario Mining Act will be changed to make it difficult for people to steal dynamite from mining operations. He said his Ministry has a committee composed of mining and labour representatives studying possible revisions of the Act.

Other items of interest this week include the news that a research team of the Ministry of Transportation and Communications is in the initial stages of collecting information on electrically-powered car models and may recommend some for testing in the fall. One possible public application would allow commuters to use electric cars between their homes and the nearest GO-transit station. Also, the Natural Resources Minister said Ontario will not reduce the number of beach patrols in provincial parks this year, although such a reduction had previously been announced.

Minden W.I. Bus Trip

In the early morning of June 2nd, forty-one passengers climbed sleepily on the bus chartered by Minden Women's Institute for their Annual Bus Tour with genial Jack McCallum in the driver's seat. With a stop for breakfast of just a cup of coffee at Elis near Kitchener, the crowd enjoyed the lovely green scenery along Highway 35 and 401. Over an hour was spent at the Farmer's Market with its fresh goods and some bought souvenirs from the Mennonite Display upstairs. Then on to St. Andrew's Presbyterian Church for the delic-

ious hot turkey dinner served by the ladies. Mrs. W. MacArthur said grace and all ate of the bountiful meal. Mrs. L. Cox called the ladies from the kitchen and everyone joined in their appreciation. Once again everyone on the bus enjoyed a tour through the Elmira and St. Jacobs countryside and our driver pointed out Mennonite Farms and we saw many where there was no hydro or telephones; the Windmills gave them their power. Everyone took a look at the last Covered Bridge at West Montrose 1881 and cameras were out to get their own

views; some visited a little store and got coloured postcards or souvenirs. Once again on board, then on to Doon Village and here the settings were authentic from the village blacksmith shop, County Hall of Fame, Barns, a miniature covered bridge, store, post office, butcher shop, Schoolhouse, Church, Fire Hall and Museum. In this village you could spend hours if you wished to see everything and many were in period costume as a lady was spinning native wool in one shop. Once more back on board to Fairview Mall for some shopping and supper, then off again homeward bound. Thelma Ewing led us in old time songs and too soon we were back in our own County. Delightful weather was an asset and all agreed we had a grand bus trip. "Where will we go next year?"

Haliburton news notes

Mr. Bill Scott, M.P. wishes to remind his constituents in Haliburton County who are interested in having a problem with any program under Federal Jurisdiction to contact him or his constituency secretary Lloyd Graham who comes to Haliburton Village on the 2nd and 4th Tuesday of each month and has his office in the Curry Bishop building. We have just been notified that the Haliburton County and District Association for the Mentally Retarded will be holding their Annual Meeting at the Lakeview Centre in Haliburton on Tuesday, June 15th, at 8 p.m.

Ontario Home Renewal Program

Grants totalling \$1,019,106 for the implementation of the Ontario Home Renewal Program (OHRP), have been allocated to 25 municipalities Housing Minister John Rhodes announced today.

OHRP provides per capita grants to Ontario municipalities to administer directly as loans to homeowner occupants to repair their houses to an acceptable municipal minimum standard.

The prime objective of the program is the correction of faulty structural and sanitary conditions and the upgrading of plumbing, heating and electrical systems of the owner occupant's home.

"OHRP is directly oriented to low and moderate income families, with a maximum annual income of \$12,500", Mr. Rhodes said.

The maximum amount of an OHRP loan, as determined by the local municipality is \$7,500, less any funding from other home renewal programs. The municipality is also responsible for determining the rate of interest charged on the loan, from zero to eight per cent, and what portion of the loan will be "forgiven", and therefore need not be paid back.

OHRP extends home renewal possibilities to owner occupants in any municipality in Ontario, urban or rural, which has adopted either a minimum housing standards bylaw or resolution setting such standards.

Special arrangements have been made to extend benefits of the program to the residents of unorganized municipalities in Northern Ontario.

Municipalities and the grant amounts allocated to-

day include: Percentage for 1976-77 funding allocated to each municipality is shown in brackets.

- Township of Atwood - \$29,000 (100%)
- Township of Bonfield - \$30,940. (100%)

- Township of Gordon & Allan West - \$29,000 (100%)
- Town of Gore Bay - \$29,000 (100%)
- Town of Grimsby - \$46,665. (100%)
- City of Guelph - \$102,288 (50%)
- Improvement District of Gauthier - \$29,000 (100%)
- Town of Kenora - \$31,401. (100%)
- Township of Tehukummah - \$29,000 (100%)

Profit is not a dirty word

In recent speeches in Vancouver and Victoria, W. James D. Lewis, chairman of The Canadian Life Insurance Association, stressed the importance of profits to the Canadian economy. He urged Canada's business community to defend profits against their critics clearly, forcefully and convincingly.

In answer to critics, Lewis pointed out the difference between the public's perception of profit levels and the actual facts. Quoting from a recent survey, he said, "People think the average manufacturer makes a profit on sales, after tax, of 33 cents on the dollar. In fact, however, the average profit is 5.2 per cent."

Using his own industry as an example of this point, Lewis said that the earnings from life companies' investments keep the cost of insurance down for the 12 million policyholders in Canada.

Lewis concluded by emphasizing that profit is not a dirty word. "The enterprise system of business is not perfect, but I believe sincerely that if succeeding generations of Canadians are to enjoy, as we have, one of the best and most prosperous ways of life in the world, we must maintain a society where individuals and corporations have the opportunity to show initiative and are rewarded for it."

News from Minden

Mr. and Mrs. Phil Robinson and Bradley enjoyed a 2 day visit with Mr. and Mrs. Jack Rosser and Barbara at Ailsa Craig near London, and Janet Mills at Cambridge.

Winners of the \$25 food vouchers for IGA Twentyfifth Anniversary were Freda Harrison, Mrs. P. Gabb, Mrs. Agnes Taylor and Louella Yearwood.

At the L.O.B.A. Card Party last Monday night winners were for cribbage Loyne Cox, for euchre Stan Blears, Ellen Scribner, Harry J. Cowan and Vera Fuller. These monthly Card Parties start again in September the

last Monday night.

All their friends send good wishes to these people who are ill, Amos Brubacher and Bob Young Sr., at Ross Memorial, and Mrs. George Nesbitt and Fred Walker in the local hospital.

Weekend guests with his parents Mr. and Mrs. Angus Coulter was Gerald Coulter of Toronto.

Local people who are now at Extencicare at Haliburton are Holly Stevens and Mrs. Gordon McKay.

Mr. and Mrs. Walkey and family spent a short time with her mother, Mrs. Tom Hamilton.

New arrival is a grandson for Joyce and Ern Hewitt and son of Margaret and Fred Hewitt.

Mr. and Mrs. Mark Vasey spent the weekend of May 30th with the Glen Vaseys at Winchester and attended the wedding of their grandson Douglas Vasey and Elizabeth Barton; also attending from Minden were Mr. and Mrs. Bill Coneybeare and Gaye.

Sincere sympathy to the family and friends of the late Mrs. Alfred Croft whose funeral was since last week.

Mr. and Mrs. Sid Brown are away in Hamilton this week while he attends a Seminar.

Last Sunday was a Family Party at the home of the Basil Cox's at Bancroft in honour of Mr. and Mrs. Goldie Henderson on their 20th Wedding Anniversary and also Mr. and Mrs. Basil Cox on their 15th Wedding Anniversary. The whole family were present, including Mr. and Mrs. Lyman Cox and grandmothers Mrs. W. Cox and Mrs. W. Cowan.

Craig and Miles Morrison and Lynn Hussey enjoyed a weekend with their mother Mrs. Harold Morrison.

Neil Hewitt of Toronto was a weekend guest with his parents Mr. and Mrs. Ern Hewitt and Colin.

Beulah Hewitt has moved into her residence at the former Bruce Mason house.

Congratulations are extended to Bradley Robinson who recently graduated from Western University, London with his Bachelor of Arts Degree.

Mr. and Mrs. George Johnson and Earl of Whitney were weekend guests with her parents Mr. and Mrs. Harold Coulter.

Mrs. Russel Lewis is away visiting her cousins Mrs. George Maddocks of Valentia and Miss Isobel Davies of Lindsay.

Attending Rotary International Convention at New Orleans are Chris and Eddie Pergolas, Shirley and Charles Brandon, Virginia and Bill Hutchinson, Stella and Glen Burch, Cathy and Fred Thorne, Francis and Ziggy Weiss, Flo and Joe Dollo and Mary and Alan Coneybeare.

Soyers Lake

Ratepayers Association

The annual spring meeting of the Soyers Lake Ratepayers Association was held on Sunday, May 23rd at Lakeview Lodge with forty-four members present.

President, W.L. McCorrison opened the meeting with the observance of one minutes' silence in memory of the late Howard Jackman, past president of the Association, who passed away on October 13, 1975.

The minutes of the fall meeting were read by the Secretary, Mrs. Mona Harris. Business arising out of the minutes included letter of thanks to Council re road improvement, erection of signs at narrows, marking of rocks, up-dating mailing list, purchase of library books and change in banking arrangements.

Following the Treasurer's report by Mrs. Audrey Campbell it was agreed that the dues for 1976 would remain at \$5.00 per cottage or residence. (Dues of members not present may be sent to the treasurer at 46 Felbrigg Ave., Toronto, Ontario, M5M 2M1.

Mr. Ross Partridge,

Chairman of the Pollution Control Committee reviewed the results of last year's water sampling program and presented the M.O.E. report on the 1975 Secchi Disc - Chlorophyll Self-Help Programme. The testing for coliform bacteria has been discontinued but the chlorophyll testing will continue on an annual basis.

Mr. Partridge also reported on discussions with the Ministry of Natural Resources regarding the status of fish in Soyers Lake and advised that a netting programme is to be carried out by the Ministry this year.

The Chairman reported on recent meetings of the Haliburton Highlands Property Owners' Association and the Federation of Ontario Cottagers' Associations Inc. and outlined highlights of the topics discussed and the possible effects on the Soyers Lake area. The Ministry of Natural Resources is currently carrying out a survey of existing and potential public boat launching, picnicking, and camping facilities on the lakes in the Minden Haliburton area.

Mr. Don Campbell under-

took the job of compiling returns and preparing a draft of the Soyers Lake Directory Map.

It was resolved that the annual election of officers should occur at the fall meeting. The present officers agreed to serve in their respective posts until that time.

Miss Marnie Blair received enthusiastic support for a plan to mark a sailboat course on Soyers Lake.

The meeting closed with Mr. McCorrison thanking all present for attending and Harold and Frances Elstone for providing refreshments and making the facilities of Lakeview Lodge available for the meeting.

OBITUARY

JAMES ALLEN

Kinmount, Mr. James Charles Allen of Kinmount, passed away on April 27, 1976, at Civic Hospital, Peterborough. He was 72 years of age.

Born in Galway Township, he was the son of the late Margaret Doherty and Robert Allen. He had resided in this area all his life, was a member of St. Patrick's Roman Catholic Church, Kinmount and an honorary member of the Royal Canadian Legion, Branch 441, Kinmount. He was in his 50th year, serving as rural mail carrier for RR1, Kinmount.

He is survived by his wife the former Catherine Ferren, three daughters Frances (Mrs. Pat McGillen) of Peterborough, Mary (Mrs. Norman Graham) of Norland, Rose Marie (Mrs. Ronald Aldrich) of Lindsay, four sons, Paul Allen of Oshawa, Master Corporal Ralph Allen of Trout Creek, Phillip Allen of Fenelon Falls, Gerard

Allen at home and nine grandchildren.

Other surviving relatives are four sisters, Mary (Mrs. P. Clark) of Lakefield, Bernice (Mrs. John Allen) of Lakefield, Eleanor (Mrs. Joe Kurzan) of Florida, Margaret (Mrs. Charles Madden) of Detroit and one brother, Robert Allen of Kinmount. Katherine (Mrs. Schummer), Charles, Sylvester, William and Veronica are predeceased.

The funeral was held on April 30, at 9 a.m. from St. Patrick's Roman Catholic Church, Father Hart conducted the service with interment at St. Patrick's Cemetery.

The pallbearers all nephews, were Bernard Cain, Allen Ferren, William Clark, Larry, Kenneth and Jack Allen.

The honorary pallbearers were members of the Royal Canadian Legion Branch 441, Comrades Richard Roach, William Simpson, Richard Austin, Charles Cross, Bert Young and Oscar Kennett.

Stanhope notes

Alex Stevenson

The recent decision of the Council of Stanhope Township to again appeal to the Ontario Municipal Board re the apportionment levied on this Township for educational purposes, came as a result of an adverse vote by the Board of Arbitration. The Board of Arbitration is comprised of the Treasurers of the Townships in Haliburton County and it is surprising that, of the six Treasurers who voted against a resolution to reapportion giving consideration to some extent in the recent Ontario Municipal Board decision, two of the treasurers represented municipalities which would have benefitted from an apportionment based on the May 4th decision of the O.M.B.

The collapse of the causeway at Big Hawk Lake had repercussions at the June 2nd Council meeting when Councillor John Tomlinson referred to the hazardous and damaging high water levels caused by the fallen structure damming the flow of water. He sought some

action by Council calling on the proper authorities to clear the obstruction from the channel. It is understood that some action has already been taken by the government department involved, resulting in the free flow of the dammed up water. Another matter to Get Councillor Tomlinson's attention was that of the Ontario Home Rehabilitation Plan by means of which, people of low income could be given low interest loans to improve the standard of their homes, some part of which would be a forgivable loan. An official of the Provincial department was present to explain the improvements to this plan, and few of the objections which existed a year ago were present this year. Under pressure from Councillor Tomlinson, Council discussed the subject and as a result a motion by Councillor Davies seconded by Councillor Tomlinson was passed approved an application by the Council for a grant under the Ontario Home Renewal Plan.

Regarding Council matters, Councillor Napier Simpson has let it be known that he will not be running for a place on Stanhope Council in the next election. His decision has been dictated by the fact that his business has been neglected too frequently during the past two years incumbency in Council. Mr. Simpson feels that he has served a useful purpose in Council by the preparation of the up-coming Planning By-law, and there is no doubt that his experience in this area has been invaluable. Mr. Simpson will be missed at the Council table and if he should find it possible, with the passing of time, to return to the Township Council the Township's interests will be well served. June 14th and 15th are moving days for Stanhope Township Library and Wednesday, June 16th will be the first day of operation in the new building. Don't expect things to be ship-shape, they won't be, but the books will be there for your use and by the opening day September 4th, it will be a place the people of Stanhope will be pleased with.

News from Extendicare

by Charles Plewman

Extendicare has practically reached its full complement of 60 Residents. Anyone seeking admission should apply at once.

With the new sodding nearing completion, the Centre has taken on a new look.

On Friday, June 4th, the Residents formed a new committee to be known as the "Happy Gang", a rather enthusiastic name for a group of Oldsters. Elected as officers were Charles F. Plewman, President, Jake Gill, Secretary - Treasurer and Mrs. Flora Walling, Signing Officer. The group hopes to recommend certain projects that the Residents are prepared to share, in that it would result in more

recreational activities being available for its Residents and Older Citizens in the Community. The recommendation will go the Federal Health and Welfare Dept.'s New Horizons Program for Senior Citizens. Henry Wisniewski Assistant Regional Manager, is planning to confer with the Committee in the near future. If the Committee and the New Horizon Dept. can decide upon a good project, the results could be far-reaching. Projects like these which involve laymen, but require financial support from the Government, can do much to help the Senior Citizens to help themselves.

The Children of Victoria Street School sang very well

on Wednesday afternoon's visit. We were surprised and delighted when later on we received a cheque from them for \$30.00, which they had made on their "Fun Night."

Friday's Devotional period was led by Capt. Douglas Burry, of the Salvation Army. The Residents appreciated his message, prayer and personal conversations - a new hymn booklet made its appearance.

Our thanks go to the Cauldron Pharmacy for their gift of a beautiful plant.

Latest arrivals were Mrs. Florence McNeely - Wilberforce; Mr. Wm. Stevens - Haliburton; Mr. Berkeley Feir - Haliburton; Miss Alice Hartle - Toronto; and Mrs. Margaret McKay - Minden.

Carnarvon news notes

Mrs. Elgin Stouffer (Marilyn) is going on a visit to Newfoundland.

Rev. and Mrs. Oakes of London were here for the Bob Herlihey retirement party, and they called on several folks while they were here.

Mr. and Mrs. Allan Hume were here on the week end visiting with Lu-Ann mother Mrs. Renouf. They have just returned from their honeymoon.

Mr. and Mrs. Art Kerr of Boskung Lake were in Ottawa this week to visit their son Ted and wife and family, they have 2 teenage grandchildren. Mrs. Kerr also revisited the school where she taught at Flinton, Ontario.

Mrs. Ken Stevens of West Guilford had surgery recently in Lindsay, and she is home again and is getting along nicely.

It is good to see Mr. Bert Harrison getting around again after having surgery.

Jim Fairfield is home again after being in hospital for some time, but he will be going back again into the hospital again soon.

Mr. and Mrs. John Soldink

of Palgrave spent the week end with Mr. and Mrs. Jack Gregory.

Sandra Barnhart attended the wedding last Saturday of Debby Bishop and John Wilson.

Mr. and Mrs. Sales have returned from Florida and now are here for the summer on 12 Mile Lake.

We are sorry to know that Mrs. Buddy Stevens is in Peterborough Hospital for surgery and we all wish her well and hope she will soon be back again feeling much better.

The Zion United Church choir held a weiner roast at the home of Mr. and Mrs. Dooley at Boskung Lake.

The men are cleaning up the Carnarvon cemetery this week, they got rained out last Monday when arrangements had been made to have a working bee.

Mr. and Mrs. George Cowen are spending a few days at their cottage.

The Barnhart sisters (Gail, Barbara, Sandra & Lynn) entertained the folks with music and songs at the Firemen's dance last Saturday, held at Medleys.

CAR WASH RAISES \$60

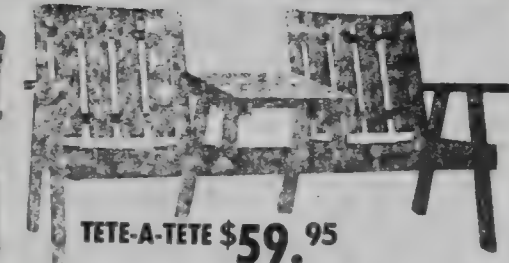

The Junior Walkie Talkie Division of the Haliburton Area Radio Club held a very successful Car Wash on Saturday, June 5, when that organization realized a sum of over \$60.00 for their hard efforts. The proceeds are to be used for the Radio Club, and deep thanks goes out to Rob Gow and his committee for their organization of the Car Wash as well as to the Haliburton Highlands Secondary School where this endeavour was held and to all the individuals who worked so hard to make this all worthwhile.

Anson, Hindon, Minden Council

The Eleventh Meeting (Special) of the Council of the Townships of Anson, Hindon and Minden was held in the Council Chambers of the Municipal Building, Wednesday, May 26th, 1976, commencing at 8:00 a.m.

Reeve Reg Booth in the Chair
Present: Deputy Reeve Doug Pritchard, Councillors, A. Coneybeare, R. Gorrie, H. Johnson, Clerk-Administrator, Richard Parisotto.

Adoption of Minutes

76-153
R. Gorrie-H. Johnson: That the minutes of the meeting of May 5, 1976 be approved. **CARRIED**

1976 Budget

76-154
R. Gorrie-D. Pritchard: That the 1976 Final Budget be approved as amended in the total figure of \$603,382. **CARRIED**

Road Widening Lots 7 & 8

Conc. A. Anson Twp.
Discussion was held on the proposed road widening project in Lots 7 & 8, Concession A, Anson Twp. It was decided to hold this project in obedience until M.T.C. approval of the Supplementary Requisition is received.

Rd. Allow. Exchange

Lot 3, Conc. A Minden Twp.
76-155

D. Pritchard-H. Johnson: That the Clerk-Administrator be authorized to prepare a draft agreement relative to the sale of certain road allowances in Lot 3, Concession A, Minden Township. **CARRIED**

Drainage Easement

Lot 3, Conc. A - Minden Twp
The Clerk Administrator was directed to prepare the

drainage easement for certain property in Lot 3, Conc. A. Minden Twp. on North Water Street.

Appeal Arbitrated Apportionment of Education Levy

76-156
H. Johnson-A. Coneybeare: That the decision of the Treasurers of the Municipalities of Haliburton County relative to the apportionment of education levies between Municipalities for 1976 be appealed to the O.M.B. **CARRIED**

Appeal County

Apportionment

76-157
R. Gorrie-D. Pritchard: Whereas the apportionment of the education levy had been appealed in 1975 and 1976;

Therefore be it resolved that this Municipality record an appeal of the apportionment of the County levy for 1976 on the same basis. **CARRIED**

Gravel Pit Development

76-158
R. Gorrie-H. Johnson: That the big hill in the Municipal pit be stripped and the fill stockpiled for future use subject to test holes being dug to assure sufficiency of extractable material. **CARRIED**

Resol-Equalization Factors Up-dated

76-159
D. Pritchard-A. Coneybeare: That this Council strongly endorses the resolution of the Township of Hope calling for all Equalization Factors to be brought up to date for taxation year 1977.

CARRIED

Raffle Lottery

5 Counties Children's Centre
76-160
R. Gorrie-H. Johnson: That a raffle lottery license be granted for the Five Counties Children's Centre pursuant to the letter dated May, 1976. **CARRIED**

Committee of the Whole

76-161
R. Gorrie-H. Johnson: That this Council go into Committee of the Whole. **CARRIED**
Council adjourned the Committee of the Whole and resumed the Council meeting to pass the following resolution.

Ambulance Personnel

76-162
H. Johnson-R. Gorrie: That Mr. Robert William Clyde be appointed as Chief Ambulance Supervisor effective June 1st, 1976 at a total annual salary of \$7,500.00. Further that Mr. Eldon Deacon be retained as Fire Chief. **CARRIED**

Severance H-93/76

76-163
D. Pritchard-A. Coneybeare: That application for Consent H-93/76 be approved as amended subject to agreement with the owner. **CARRIED**

Severance H-311/75

76-164
R. Gorrie-A. Coneybeare: That Application for Consent H-311/75 be denied as the shape of the property will not allow the creation of two viable building lots. **CARRIED**

This is
the third year running
Tom has won the trip
to the Hockey School.

Hall's Lake news

A lovely weekend with plenty of sun made it enjoyable for cottagers and visitors.

The Rev. Lloyd Clifton Sr., his wife and daughter, Janet spent the weekend at their cottage on Hall's Lake. Rev. Clifton left Sunday to attend the Presbyterian Conference at Arnprior for a week.

The Firemen's dance at Medley's Saturday evening was quite successful, with a good crowd out to enjoy dancing and the good eats and music.

Mr. George Hunt spent a few days with his son Ross, his wife and family in Agincourt.

A garage sale, effects of Mrs. Lizzie Johnson who recently sold her home on the Hawk Lake Road was held last Wednesday with Mr. George Hunt in charge. All articles of furniture and furnishings were sold and the Euchre Players and various community people availed themselves of the goods. Mrs. Johnson has gone to live in a Seniors' Apartment in Toronto.

Club 35 Members will have their regular meeting this Wednesday evening at the usual time of 7:30 p.m. They will be talking over plans for the Summer months and the results of the recent Spring Dance.

Euchre parties each and every Monday evening are well attended and now that they are playing 10 games instead of 8, the evening seems more worthwhile than ever.

June is the month of the Garden Tea at Hyland Crest and the Executive and Members of the Auxiliary join with a church group to have things just a little special for this occasion. It will also be the monthly birthday party for the June residents. The Tea is on June 24th at the Home.

At the Auxiliary meeting held last week a motion was made to give \$250.00 to the Fund set up to purchase a concert organ for the Residents, and also \$50.00 toward the blocks to build a patio out on the back lawn from the craft room, so that

the Residents may wander in and out and enjoy the privacy of the back of the Home.

Two lovely oak chairs have been made especially for the Chancel of St. Stephen's Church at Boshkung and will be dedicated when Bishop Allen Reid comes to the Parish in July.

Monday morning and the sun is still shining brightly. Many locals are busy painting their homes and places of business and it is surprising what an improvement a clean coat of paint makes. Also there seems to be a lot of building throughout the area, additions to cottages and new structures. It seems to be a growing county. The latest Census results will be interesting to view.

The Stanhope firemen were called out last week to a house fire, and a grass fire. One still hears many compliments as to their swiftness in responding to the mishap at Hawk Lake on the Holiday weekend.

The countryside is beautiful just now, although the lilac trees are almost over their best.

Mr. and Mrs. Laurie Arthur of Peach Lake have their daughter, son-in-law and their children home for the Summer. Their son-in-law is the Stumple's son who formerly owned the Corner Store in Minden and he is a teacher in Frobisher Bay, and his wife is a Registered Nurse. They are enjoying quite a different type of life and experiencing many new sides of the Eskimo and native people.

Maple Lake personals

The pictures shown by Cannon and Mrs. Marsh last week, in St. Peter's church of their trip to the Holy Land was certainly wonderful. Mrs. Marsh told such a wonderful story of the events shown, one felt you travelled with them all the way to Calvary.

Mr. and Mrs. Bud Little of Toronto spent a few days with Annie and Herbert Fountain.

A special Vestry meeting was held in St. Peter's basement this past week, with an average turn out, main topics were Re Pointing of the Outside of Church. A Leech Pit for dish water and disposing of 3 pieces of church furniture.

On May 29 a Spring Wedding was held in St. Peter's church, from the John Barclay home.

Mr. Napier Simpson was home to Blagdon Hill this week.

The Stanhope road's are getting their spring top dressing, the dust is awful, but have patience, the end results will be worthwhile.

We are having a seige of worms on trees, everywhere they are crawling and the roadsides have patches of bushes with worms. "What can be Done?"

Mr. Teddy Carr is to be given credit for Renovating his old garage along the roadside, a nice job Ted.

Mrs. Fred Prentice has done it again! The flower's at St. Peters are planted, the gardens look beautiful, "Thanks Jessie."

A dedication service was held last Sunday at St. Peters for the new flood lights, which Mrs. Ray Dawson had installed in memory of her husband Ray.

Come and see St. Peters lit up at night.

Miss Ada Gibbs and Mrs. Vi Smith are now home from their trip to England, Scotland and Wales, we hope they will show their slides some evening. "How about it girls?"

Mr. and Mrs. Cecil Morrison and Ian of Bowmanville visited relatives over the weekend.

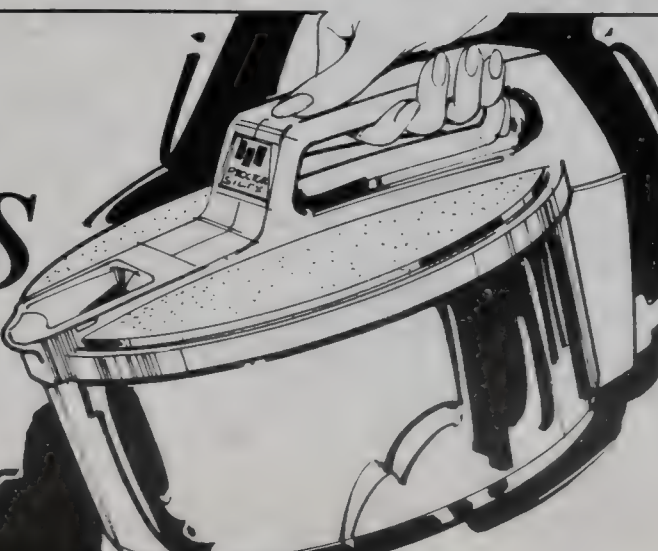

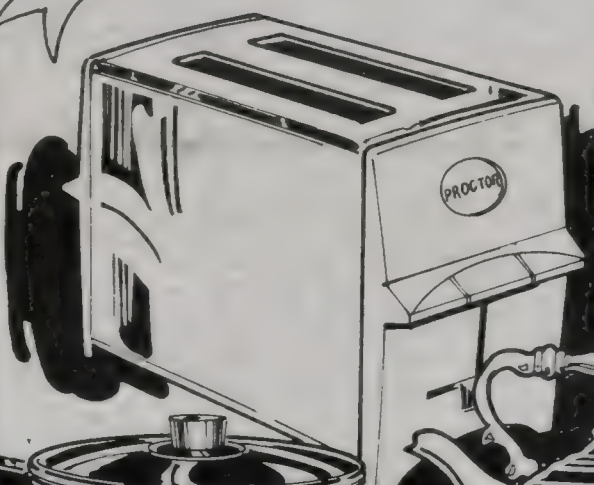

The Fly-in at the Stanhope Airport on Sunday was a very successful event. The large crowd on hand, took part in making it a paying event, as all soft drinks, pots of coffee and tea were sold. The Barbecue Dinner and hot dogs were sure a delight to get. The Aeroplane show and stunts by one plane was very well done and appreciated, and hats off to Leroy Nesbitt who won the horse drawing contest. The Committee of Stanhope Airport, wish to say "Thank you" one and all, "See you next year."

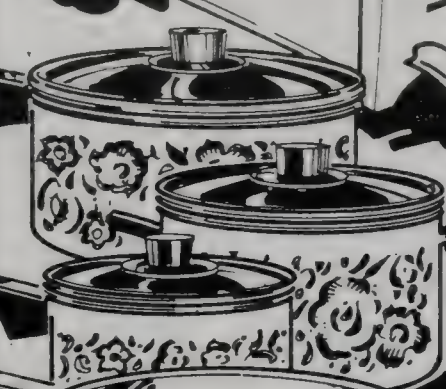

To end the day and settle the dust, a thunder storm swept over our district, with a drenching rain

M.P.P. John Eakins speaks in Legislature Debates

CONTROLLED ACCESS HIGHWAYS

Mr. Eakins: To the Minister of Transportation and Communications, Mr. Speaker: Could the minister tell me what is the policy of his ministry in regard to controlled access highways? Does it vary from area to area or is it the same across the province?

Hon. Mr. Snow: Mr. Speaker, I think it would be quite difficult to answer quickly what the policy is on controlled access highways; I don't know what particular highway he is referring to. It is my understanding—and I would like to get the full information for the hon. member—that the policy would be the same all over the province for the same particular type of highway.

Mr. Eakins: A supplementary, Mr. Speaker: I wonder if the minister could supply me with information as to why so many people on Highway 35 at the Minden bypass in Haliburton county have been turned down for access to that highway when last August the Peterborough Lumber Co. received permission to gain access to the highway?

Mr. Mancini: That's terrible.

An hon. member: Some are more equal than others.

Hon. Mr. Snow: I am not familiar with that particular instance. I will get the hon. member the information.

Mr. Speaker: The same minister has an answer to a question asked previously.

BUDGET DEBATE

(continued)

Mr. Eakins: Mr. Speaker, it is a pleasure to rise again and speak as the member for that great and historical riding of Victoria-Haliburton, and to express again my appreciation to the people for giving to me the opportunity to represent them here at Queen's Park, and to give to them the liaison which I think all constituencies should have in dealing with government today.

I want to compliment and congratulate the Speaker on his election. He is a gentleman whom I have known for a long period of time, and he has certainly made a very great contribution to the political life of this province. I also want to extend my congratulations to the Deputy Speakers, the members for Lake Nipigon (Mr. Stokes) and Simcoe East (Mr. G. E. Smith), for the very fair and efficient way in which they carry out their responsibilities. And also congratulations to the member for Wellington South (Mr. Wor-ton), who is presently in the Speaker's chair, and who is a man of great stature in many ways in this House.

[12:00]

I also want to congratulate the hon. member for Cornwall on his presentation today. I hope after his address today that he doesn't miss the plane he is trying to make, and I don't miss my bus.

Mr. Samis: I apologize for over-extending my remarks.

Mr. Eakins: It was an excellent address. His presence here is sort of a compliment to the people of the county of Victoria and the town of Lindsay because these communities helped prepare him for his future service to the people of this province. The hon. member is well and favourably remembered from when he was on staff at the Brock High School in Cannington in the years of 1965 to 1966, I believe, and 1966 to 1967.

The member did not have to move to another area of the province to find employment, which is one of the problems in many cases in the Victoria and Haliburton counties which I represent and is one which has been discussed many times in this House. It is a problem many of our young people have; they have to leave the area in order to find employment.

Mr. Samis: Let me say I have good memories of my days in Victoria-Haliburton.

Mr. Eakins: I'm glad to hear that.

Mr. Samis: I am still cognizant of the problems you are bringing up.

Mr. Eakins: Thank you.

Many pages of documents have been produced and distributed about the various areas of the province. What really must and should take place, I believe, is balanced growth in the Province of Ontario. There is so much talk and planning about packing people along the lakeshore in Ontario that there are many areas of the province which are feeling forgotten. I believe that before we reach a crisis stage and end up like the cities to the south of us—with great employment problems; social problems; transportation and housing problems—we must consider the needs of the other interesting areas of the Province of Ontario.

I've heard many members on various occasions in this House talk about the exodus of their young people to the Metro area. I can tell members it is a very real problem. It is unfortunate indeed that these young people cannot live, work and raise a family in the areas mainly of their choice. I can tell members that there are many areas of the province which do not want to be great growth areas or another Metro but simply want some good planning and development, some encouragement and, in other words, an occasional shot in the arm.

In the county of Haliburton, for instance, if it were not for the truckers and the lumbering operations in the Harcourt-Wilborforce area the people would be in very bad shape indeed. One of the reasons I fought so hard for the truckers and their PCV licences under the new legislation was to make sure that people were not having to operate in one small area where there is very little work and so that they can operate in several PCV areas across the province and have the opportunity to improve their livelihood.

Tourism is another area we are very interested in this part of Ontario. Many of the tourist people become discouraged because

it's very difficult to be in an area which needs some incentive, some help for small businessmen and for the tourist operators. They look down here to Toronto and they see Ontario Place, which is subsidized by about \$4 million by the taxpayers of Ontario and they wonder when they are going to get a little extra incentive in their area in the Kawartha Lakes.

I can say that I have had excellent co-operation from the hon. Minister of Industry and Tourism (Mr. Bennett) and from his staff. They have been most helpful, most co-operative and I want to compliment them for this. They certainly offer much advice and help to many of the business and tourism areas. I would like to say that one thing they should do more of is to advertise their services sufficiently so that more people can take advantage of this service.

If there is one ministry I find the most frustrating to deal with in the government—I've had good co-operation, I must say, from most ministries—it has to be the Ministry of the Environment. We hear today so much talk about municipalities polluting rivers and lakes and not keeping up to standard. I can tell members through my experience of my own riding, that many municipalities are ready, willing and able to do the job but they are being frustrated by the Ministry of the Environment. I speak of the town of Lindsay, which has spent three years trying to enlarge its lagoons and it is only lately that we have been able to get this on the rails and get it moving.

Mr. Nixon: Private bills committee will help.

Mr. Eakins: I can say also that the minister is in receipt of a letter from the municipality of Enson, Hindon and Minden, which was encouraged to plan eight years ago for a water works and sewage disposal system, and is not much further ahead than it was eight years ago. I can only say to the minister and his people that this is a great tourist area and these people do not want to pollute the lakes. They want to provide water and sewer service to the people of the municipalities and to the tourist people. They are just being frustrated at every turn, and I hope that shortly something will happen in this ministry to give the people the development and support that they need to upgrade their service.

I want to speak briefly on OHIP and the health service generally. I realize the increased OHIP premiums have been discussed a number of times in this House, but I feel I must add my own voice to those who have protested against this unfair burden that has been placed on the shoulders of so many people in the province.

The government has taken the attitude that this enormous increase in OHIP premiums, to \$192 for single coverage and \$384 for family coverage per year, will not create any real hardship for the people of Ontario. This is obviously an unrealistic assessment of the situation, and it would appear that once again the government has taken an ad hoc decision without giving serious consideration to its consequences for its citizens. The only explanation would be that the government is indeed fully aware of the implications but has ruthlessly decided to ignore the hardship which the increase in premiums will cause.

I am aware that many people are involved in group plans for Medicare with considerable employer contributions, and that some of these groups or corporations are able to write off the increased premiums on their tax returns. However, there are many non-corporate OHIP groups, such as municipal workers, school board employees, hospital workers and government employees. There are also thousands of individuals who will be forced to pay the entire OHIP premium themselves. Unfortunately, many of these people are in the lower income brackets.

The attention of this House has already been drawn to the recent story in the Toronto Globe and Mail about the man earning \$150 a week who has to pay the full \$384 annually for medical coverage on his family. There are obviously many other people in the same position, and to say there is no hardship involved here because of the increased premiums is patently untrue. From the government's actions in recent months, one would almost assume that provincial hospitals and municipalities are to be made the whipping boys for past extravagance on the part of these successive governments.

The Ministry of Health budget has grown enormously in recent years and, in an attempt to reduce overheads, the government has embarked upon a scheme to close hospitals in the province. No consideration was given to the needs of the surrounding communities or the service which the hospitals concerned had been providing. There were no alternative proposals put forward, such as reducing the number of beds in several hospitals of the areas, while issuing guidelines to follow, which would enable all hospitals to operate more efficiently and economically in an attempt to preserve hospital facilities.

In fact, there was no prior consultation with the hospital administrations. Community protests were ignored, as were the objections of the members of this Legislature. A divisional court has ruled that the closing of four hospitals is out of order and the government has indicated that this ruling may be turned aside at a later date. The increase in OHIP premiums means a further burden is placed on hospital budgets because, being non-corporate, hospitals are not eligible for the write-offs cited by Treasurer.

As for municipalities, they have been led to believe by former Treasurer John White, in the much-quoted Edmonton commitment, that transfer payments would increase at the rate of the increase in provincial revenue. Yet this government has wriggled out of this commitment, and transfer payments this year are only increased by 8.9 per cent compared with the increase in provincial revenue of 19.4 per cent.

Municipal budgets, too, will be strained by the increase in OHIP premiums for their employees. Perhaps hospital budgets and municipal budgets have become over-inflated in recent years, but there was no previous attempt on the part of the government to work with hospitals and municipalities to restrain those expenditures.

If it comes to that, people who live in glass houses shouldn't throw stones, and the provincial government has been one of the chief offenders when it comes to extravagance and overspending. The Treasurer was quite proud of his budget, I understand, but surely this pride was a little misplaced. Certainly he avoided the projected \$2-billion deficit, but is this deficit of \$1.25 billion something to brag about, when one considers that Ontario for years has been one of the wealthiest provinces in Confederation?

Are we supposed to accept the fact that the near 50 per cent increase in OHIP premiums was inevitable in view of inflation? This is nonsense, Mr. Speaker, and you and I both know it. The increases could have been avoided, or at least reduced, if bureaucratic inefficiency had been eliminated and administrative extravagance cut back. The almost 50 per cent increase in OHIP premiums was no more inevitable, or beyond provincial government control, than the close to half a billion dollars spent last year on the pre-election vote-buying goodies—the two per cent reduction in sales tax, the first-time home buyers' grants, and automobile sales tax rebates.

If the Treasurer in his ivory tower believes that the government's fiscal policies won't cause hardships to the people of Ontario, perhaps he should have some of his Treasury experts check out the situation for a cross-section of families in the middle-to-low-income bracket. Let them take into consideration a family man, forced to pay \$84 a year for OHIP premiums, possibly increased Blue Cross payments, high property taxes because of the cutbacks in transfer payments, inflated hydro rates to cover expansionary development on the part of this government-sponsored Frankenstein's monster. At the same time, this man is unlikely to receive an increase in salary to compensate for his rising expenses, because this government has accepted, without reservation, the jurisdiction of the federal Anti-Inflation Board. This budget will cause no hardship, the Treasurer (Mr. McKeough) says. Such a statement is complete nonsense, and he knows it.

I want also to refer to the Browndale situation, which is very current and has been under discussion, in our party at least, for a long period of time. As you know, Mr. Speaker, our leader and members of the opposition have raised questions in the House concerning the Browndale homes organization. There have been allegations that John Brown, the founder of this group, controlled some of the property leased by the organization to house approximately 300 mentally disturbed children in group homes across the province, for which the government pays upwards of \$64 a day towards the treatment and housing of each child, with the annual government bill for the programme amounting to something over \$7 million.

It would seem the government is unwilling to deal adequately with the problems which have come to light in connection with the Browndale organization. No progress has been made in the investigation of the situation that has been brought to the attention of this House on a number of occasions. According to an article in the Globe and Mail on May 18, neither the Ministry of Health nor Browndale (Ontario) knows how much longer 16 emotionally disturbed children will remain in Browndale's four Peterborough homes, which have been designated by a ministry official as unsafe and overcrowded.

Last month, the ministry was assured by the organization that three new houses, which had been leased in Peterborough, would be brought up to Ministry of Health and fire safety standards by May 1. The 16 children concerned were scheduled to be moved as soon as the houses had been approved by a

newly appointed advisory committee on Browndale homes in Peterborough and the necessary licenses issued. However, on May 17, according to ministry officials, no applications for licences had been submitted, and I understand that it normally takes something like four to six weeks for the government to give approval once applications for these licences have been submitted.

[12:15]

We feel we are completely justified in pressing the government to investigate the operations of Browndale. Surely this government must agree that any programme that is attempting to deal with an issue as important as children's mental health must be investigated without delay when so many suspicious circumstances have become public. These children must be protected and this must be our first consideration. For the ministry to take the attitude that nothing can be done about the complaints of private individuals regarding these homes because Browndale is a private organization is ludicrous and irresponsible. Moreover, how can an organization be described as private when it is funded from the provincial Treasury to the extent of more than \$7 million.

Critics of the Browndale organization have been told, you would not want to see the entire programme closed down, would you? Implicit in this comment is the bald threat that, if criticism is carried to an extreme, the programme would not only be investigated but possibly phased out altogether. In other words, this is a quite unprincipled attempt to make critics feel guilty, that because of their justifiable criticism they might be responsible for depriving mentally disturbed children of valuable assistance. Some people might be left with the feeling that this is the kind of pressure which one might expect from a questionable element involved in some kind of a racket, rather than a responsible attitude on the part of government officials who have been approached by concerned citizens.

Its' scandalous Dairymen riot

"Scandalous!"

That's the word MP Bill Scott's parliamentary secretary Russell Wunker, used to sum up the rampage Quebec dairy farmers went on, on Parliament Hill Thursday.

"We've never seen anything like it," Mr. Wunker declared as he summed up the reaction of Mr. Scott and himself to the mess created and left behind by the mob onslaught to force government action on milk and dairy products production and pricing."

Mr. Wunker said that for some time it was impossible

to get in or out of access roads to the parliament buildings because of the mob and riot squad police cars which were set up to try and bring the situation under control.

Benches were burned, windows smashed, bushes and trees damaged or set fire to and thousands of gallons of milk dumped on the street to leave a stinking mess in its wake, to say nothing of the milk and butter hurled at federal Agriculture Minister Eugene Whalen.

Mr. Wunker said it appeared that liquor was a

factor in the violence because the farmers even started to turn on their own leaders as they attempted to placate them pending the outcome of talks with federal officials. When they left Parliament Hill some groups went on to rip things apart in downtown Ottawa.

"Things are in a real mess as far as the government is concerned," the secretary declared as he noted this further example of how law and order was giving way to civil disobedience.

PUBLIC HEALTH NURSES STRIKE

On Saturday, June 5, 1976 a meeting was held in Toronto by the ONA's representing the Public Health Nurses across the Province.

It was decided that all locals in a legal position to strike will take part in a strike beginning June 14, 1976 supporting local 106 (HKPRD) in their request for arbitration.

Minden O.P.P. report

The Minden Detachment of the Ontario Provincial Police report the following activity for the period of May 31, to June 6, 1976; the staff investigated 64 general occurrences and five motor vehicle collisions. During this period there were seven break-ins reported, one compassionate message delivered and two persons charged with violations under the Liquor Licence Act.

Investigation is continuing into a cottage fire which occurred at 1:00 p.m. on Wednesday, June 2, at the cottage of Mr. Warren Gibson on the Norley Road near Maple Lake in Stanhope Township. Mr. Gibson is from Newmarket. The cottage was burnt to the

ground, with the damage to the cottage and contents being estimated at \$6,000. Ontario Provincial Police Constable Jim Martin of the Minden Detachment is investigating several persons who were apparently using this cottage without the knowledge of the owner.

A car and nine guide posts took quite a beating around 8:00 p.m. Sunday when Grant J. Graham, 23, of Irondale, was driving south on Highway 121, just south of the Gelert Road. Taking to the left shoulder, the car sheared off the guide posts and landed in the ditch with about \$2,000 damage estimated to have been inflicted on the 73 model car, and \$225. damage to the nine

guide posts. Ontario Provincial Police Constable Mike Legge of the Minden Detachment investigated, with Grant J. Graham being charged with impaired driving.

Seat belts were installed, and in use, and the drive was unhurt.

Large livingroom and diningroom with patio doors off diningroom to deck and backyard. Cold room off basement. Upstairs could be converted into a self-contained apartment. Nice level lot with good garden area. Asking \$44,500.00.

Educator is honoured

Better than 150 people from near, far and wide gathered at the Hunter's Horn Inn on Saturday, June 5, to honour Robertson Herlihey on the occasion of his retirement. Mr. Herlihey's connection with education as student, teacher, principal, technical director and administrative assistant has spanned more than 50 years, all of which have been spent in Haliburton County.

Bob Herlihey was born in 1914 at Kinmount, where his father ran a livery service and a hotel. When the town burned, virtually to the ground, in 1917, the Herliheys moved to Tory Hill, where Bob's formal education began "around 1920".

Throughout the 1920's, elementary education in Haliburton County was carried out in many small, one-room community schools. Mr. Herlihey recalled that school desks ranged from small at the front to large at the back so that a student could gradually work his way out the door.

Around the time Bob graduated from elementary school, the Ontario Department of Education decided to build "consolidated" consolidated schools, which were four-room structures designed to serve a number of small communities. This was a pilot project of the Ontario Government. These schools soon became known as "continuation" schools, because their educational programs included Grades 1 through 12.

Mr. Herlihey attended the continuation school in Wilberforce, and graduated from Grade 12 in 1932. Upon discovering that the Peterborough "normal" school would not accept applicants under the age of 18, Bob was forced to attend the North Bay "normal" school. Since there were no fees in those days, his total expenses for the year included his room and board at \$1.00 a day.

Mr. Herlihey returned to the Wilberforce Continuation School as a teacher in 1933. He recalls being responsible for Grades 1 through 6 that year, at a salary of \$700., which remained the same until 1939.

Miss Elizabeth Byers, who taught Bob in his senior year at Wilberforce became Mrs. Herlihey in 1939. Also in that year, Mr. Herlihey moved to Tory Hill, where he taught for five years. He recalled that one year at that posting he taught all grades from 1 to 10 (except Grade 4).

His experience and reputation grew, so that in 1943, he accepted a position as principal in Gooderham, where he was the highest paid teacher in the County at \$1600. a year.

While teaching at Tory Hill and Gooderham, Mr. Herlihey introduced industrial arts programs. Mr. Archie Stouffer, then school inspector for the area, was instrumental in convincing him to become an itinerant teacher of crafts for Victoria and Haliburton Counties.

Through the 1940's, Mr. Herlihey completed his Grade 13 and some university courses and part time study. Around 1948, he took a year off to attend the Ontario College of Education for his Industrial Arts Certificate.

Around this time, the Haliburton County District School Board was formed and the continuation schools at Haliburton, Wilberforce and Minden were discontinued. What is now the

Haliburton Highlands Secondary School was opened in 1953. Mr. Herlihey was the first new appointment, as a teacher of industrial arts. In this position, he was the only teacher in the school with 2 spares during the week for the purpose of maintaining the shops.

Mr. Herlihey became technical director at the High School in 1963, and assistant to the principal, his present position, in 1969.

The present staff of Haliburton Highlands Secondary School honoured Bob with many tributes on Saturday night. Bill Valentine, master of ceremonies for the evening, welcomed and mentioned special guests for the evening, including Reverend Wesley Oake, former minister of the Minden United Church, who came from London, Ontario, for the occasion.

The High School staff proudly presented a diamond ring and Franklin Stove as tangible evidence of their appreciation of Mr. Herlihey's contribution to education in Haliburton County. These were presented by Vic

Ross, technical chairman. Then, in fitting tribute to the real driving force behind the scholarship program at the High School, the local branch of the Ontario Secondary School Teachers Federation presented four annual scholarships in Mr. Herlihey's name for best marks in each year of the four-year technical program. Total annual value of the scholarships is \$150. per year. The announcement was made by Mrs. Louise Madden, current branch president.

In typical fashion, Mr. Herlihey spoke more of students than anything else; when he finally was given permission to speak. He felt that students of today, though they know for more than their counterparts of yesteryear, are unfortunate to lack dear value systems in society, after which they can pattern their behaviour. Students today are disillusioned. Mr. Herlihey believes that the job of education today should be to gain the confidence of the young, and help them to learn and appreciate universal values of honesty and fair play.

"We sell the Earth and Insure its contents"

Gems of Truth

REFRESHING SHOWERS

The task that the ascended Lord committed to His followers left on earth to carry on the work of saving lost souls, could not be carried out by them until the "Comforts" would come alongside and give them the needed help.

This is why the disciples were charged to tarry at Jerusalem and wait for the day of Pentecost to fully come, when the needed power and ability would be

bestowed upon them. Luke 24:49, Acts 1:4. That day of Pentecost was now to have "fully" come. In other words there would be no more Old Test. type of the "Feast of Pentecost" needed. The type was now fulfilled in the coming of the Holy Spirit to indwell and fill the believer. Leviticus 23:9-22, John 7:37-39.

Without that reception of the "shower" from the Eternal God, no work would have His true blessing and

be fruitful. Jesus had instructed the disciples about the need for it in chapter fourteen, fifteen and sixteen as recorded in the Gospel of John. That coming "One" of which Jesus spoke was none other than Jehovah God come to the aid of His true children in an inner mode of help. Acts 1:8.

Many people fail to accept the truth that the Holy Spirit is none other than the Jesus who would be with His own forever. How the great and Omnipotent God could live in a believer is an almost unbelievable fact but nevertheless true. The Lord God who has been pleased to make Himself known by a trinity of personalities is the very One who would be the promised helper of all His own. This is the record of the Word of God as His work is carried on in the absence of the "Ascended Lord".

The "Book of Acts" gives to us that record. No one can read it without noticing the "power" and the effect that the spoken "Word" had among earth dwellers. It is a most interesting account of the spreading of the message of salvation and the resulting changes in peoples lives. From the boundaries and fold of Judaism it moved into God's appointed territories of the Gentile world and they too were made the recipients of the "showers" from on "High".

In the Book of Acts we find that the "Church" comes into view, although no real teaching as to what it really is all about is revealed. This teaching is given to us in the "Epistles" of the New Testament. The Book of Acts is a very necessary connecting link between the "Gospels" which give to us the birth, life, death and resurrection of the Lord Jesus and what He continues to do to this very day on earth among men.

The "Day of Pentecost" as the "Day of Ascension" has fallen into a very low ebb in the minds of many professing Christians. Very little emphasis is put upon these two notable events in our present age, yet without them we would be in heathen darkness of despair. Why these happenings lie almost forgotten is a big question. Could it be that the commercial world has had no gain to make from it as they do of the "birth" and "resurrection" namely Christmas and Easter?

It is feared that altogether too many real born again Christians have not fully availed themselves of the "Power" released for their days of testimonial living for the Jesus who saved them. To day there is no waiting period allotted to receive the needed "Showers of Heaven", they come to open hearts who feel their need of this "Divine" help from the "Hand of Jehovah God". The promise is that all such shall be filled for true service to the Lord Jesus Christ. Eph. 3:13-21.

Walter Best F.G.B.F.I. Speaker

Walter Best will be the guest speaker when the Highland Chapter of the Full Gospel Businessmen Fellowship International hold their monthly meeting at Rosy Korner restaurant in Haliburton on Saturday, June 19th at 7:00 p.m.

Rev. Walter Best is Founder and Pastor of Fellowship Centre in Peterborough. He has a Brethren background and began his ministry as a travelling teacher. Since receiving his Baptism in the Holy Spirit, he is in increasing demand as a teacher at conferences, seminars, conventions and FGBMFI meetings. He has a weekly radio program called "The Fellowship Hour" on CBN. We especially invite our Gospel Hall Brethren to come and fellowship with us at this time.

GERALD F. McELWAIN

Gerald F. McElwain received his Bachelor of Business Administration (Honours) Degree from Wilfred Laurier University in Waterloo on Sunday, May 30, 1976. He is the son of Mr. and Mrs. Wilson McElwain of Haliburton. Gerry is presently employed by the accounting firm of Clarksaw, Gordon and Co. in Toronto.

Thank-You

The family of the late Mabel Crofts wish to thank friends, relatives and neighbours for their kindness during the recent loss of their Mother.

A special thank you for the beautiful floral tributes, donations to the Gideon Bible Society, the C.N.I.B. and the Ontario Heart Foundation. Also to the Ingoldsby U.C.W. for their thoughtfulness to Rev. Bushell and the John Welch and Son Funeral Home.

I wish to thank my relatives, neighbours and friends for their cards, flowers, treats, phone calls and visits during my stay in the Red Cross Hospital.

A special thank you to Dr. Good, Dr. Gow, the nurses and staff for their kindness shown to me.

Sincerely Lydia McNeil

As President of Stanhope Airport Committee, I would like to express my sincere thanks and gratitude to the hard working committee members and the many interested friends and neighbours, whose combined efforts made last Sunday's Fly-In such a tremendous success.

Derek Rolfe

Many thanks to everyone for their kind thoughts, cards, phone calls, flowers, visits at the hospital and offers to help at home.

Special thanks to Dr. Good. Our appreciation will be long remembered.

Isabel (Buddie) Stevens

In Memoriam

COWEN - In fond memory of my son-in-law Walter, who passed away June 15th, 1975.

Always remembered
Tressa.

STEVENS - In loving memory of a beloved husband and father, Earl Stevens, who passed away June 14th, 1975.

Since you've gone first and I remain
To walk the road alone,
I live in memory's garden dear
With happy days we've known.

Since you've gone first and I remain

One thing I'd have you do
Walk slowly down the path of death
Until I follow you.

I want to know each step you take
That I may walk the same
For someday down that lonely road
You'll hear me call your name.

Sadly missed and lovingly remembered by wife Irene and family.

Haliburton Kawartha Pine Ridge District Health Unit Essential Services Cut Off

In 1975 the following were some of the services provided by the nurses;

Over

13,000 home visits made

2,400 people attended pre-natal classes

13,900 students were seen in schools

2,500 children were screened at pre-school clinics

5,900 children were immunized

Over 171,000 miles were travelled by the
Public Health Nurses to carry out these services.

How long will you allow the
Board of Health to deny these services to the Community?

Please make your concern known to any or all of
the following, or you your local municipal Council member.
